Re: Background checks select permit applicants

As you know I have brought up the issue of having background checks as a requirement of commercial aviation permit applicants who SEEK TO HAVE A PERMIT TO PROVIDE COMMERCIAL ACTIVITIES AT THE SCOTTSDALE AIRPORT WHO UTILIZE DELIVERY TRUCKS, VEHICLES OR VANS ON THE AIRPORT PROPERTY TO PROVIDE THEIR SERVICES. These people are generally Catering Companies, aircraft repair service providers, aircraft washers.....etc.

In Airport Advisory Commission meetings that I have attended I was informed that the issue of BACKGROUND CHECKS for these types of permit applicants would be referred to the City of Scottsdale Police Dept for disposition and recommendation.

Specifically I am asking that the following consideration be given to the SPD for review and commentary .

1. Requirement that all NEW applicants for any commercial aviation activity permit including but not limited to Caterers, Aviation Maintenance and repair vendors and aircraft washing vendors who request to do business at the Scottsdale Municipal Airport be REQUIRED to fill out any paperwork required and pay the necessary costs of having Background Checks performed by Private Background Check companies and submitted to the Aviation Director and to the Airport Advisory Commission before a permit is granted.

2. This requirement would only be for NEW applicants and only for applicants who utilize truck, vans or vehicles on the airport property to provide their service.

3. All owners of the proprietorship, partnership, LLC or Regular Corporation applying for the permit together with any and all EMPLOYEES who operate the applicants vehicles, vans or trucks on airport property shall be covered by the Background Check requirement.

4. Any owner or employee of the permit applicant who background check reflects a past record of any felony conviction or is on any watch list of any city, county, state or national law enforcement agency will be submitted to the Scottsdale Police Department for review and commentary and clearance to the Aviation Director prior to the issuance of a permit.
